2021 saw yet another way for GCSE and Entry Level Qualifications being awarded due to Coronavirus (COVID-19) and the impact this has had on student education and learning.

Teachers were asked to send exam boards Teacher Assessed Grades (TAGs) for their students based on subject content taught and then supply requested samples of student work evidencing these TAGs.

Teachers took into consideration classwork, any homework, assignments, mock exams and assessments, non-exam assessment or coursework and supplied exam boards with the requested supporting evidence.
