

Social story - Staying at home

I have to stay at home and keep safe because of the virus.

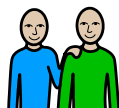

My teacher will send things for me to do at home, it is

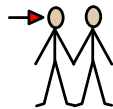

called remote learning.

It will be fun.

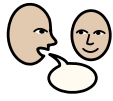

I will miss my friends but its ok.

I will see them again soon when I go back to

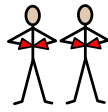

school.

I can talk to an adult about how I am feeling

I can go out for walks and still see my family bubble.

The vaccinations will help us all stay safe
